FOR IMMEDIATE RELEASE EMBARGO Date:

Bairnsdale Club Responds to Wish List

The President of the Bairnsdale Club, Ross Brooker, handed over a cheque this week to Bairnsdale Regional Health Service (BRHS) and the Pelicans for \$5,400 in response to the Wish List published by BRHS last week for the purchase of vital equipment for Oncology and Dialysis.

Acting President of the Pelicans, Anthony Lake, was there to congratulate the Bairnsdale Club for their ongoing generosity that included the \$11,000 donated to the Pelican Appeal last year. "It is encouraging that the Bairnsdale Club members keep the support coming at this final stage of the fundraising campaign. They demonstrate the kind hearts and deep pockets of this community when it comes to supporting our Oncology and Dialysis facility" he said.

CEO of BRHS, Wayne Sullivan, expressed his gratitude on behalf of BRHS for the donation. "These chairs are very expensive but fundamental to the care and treatment of our oncology and dialysis patients. This donation takes us that much further towards commencing and completing this priority project. Strong community support helps our case in attracting an increased contribution by State Government for the construction of the BRHS Oncology and Dialysis wing," he said.
