

# Volunteering at BRHS

## Meet new people, help others

Operating under a guiding vision to be a respected leader of outstanding healthcare in East Gippsland, BRHS services are aimed at improving the health and wellbeing of the East Gippsland Community through accessible, high quality and sustainable health care. Services offered include emergency services, acute and sub-acute in-hospital services, Allied Health and Community Health services, Dental services and Residential Aged Care facilities. The BRHS Consulting Suites provide access to a large number of visiting specialists on a regular basis in addition to on-staff specialists.
